Patton Sets Meet Record in Zagreb

ZAGREB, Croatia (August 31, 2009) – Darvis “Doc” Patton lowered his season’s best for the second time this year with his 9.94 win in the 100-meter final at the annual Zagreb meeting today.

Patton, a 2009 World Outdoor Championships finalist, held off reigning US champion Michael Rodgers (9.97) and Jamaica’s Nesta Carter (10.04) to secure the victory. His time also marked the first sub-10 performance in the meet’s 59-year history.

“It’s always good when you get a win, and it’s even better when you set a meet record, but there’s always room for improvement. I’ve still got a season ahead of me, so I’ll save the celebrations for the end of September.”
